

SHAHAB ALAM KHAN, MBBS

BOARD-CERTIFIED IN
OPHTHALMOLOGY

Dr. S. Khan Professional Corporation
#4-2727 2nd Avenue West, Prince Albert, SK S6V 5E5 | (306) 922-1212

An esteemed ophthalmologist who enjoys the patronage of many patients, Shahab Alam Khan, MBBS, practices at Dr. S. Khan Professional Corporation, his private practice established in Prince Albert, Saskatchewan, Canada. Featuring an impressive professional journey of more than twenty years, Dr. Khan is widely-recognized as an international expert in diabetes-related ophthalmology and retinopathy. He complements his hands-on work at his clinic with his academic role as Resident Lecturer at the University of Saskatchewan.

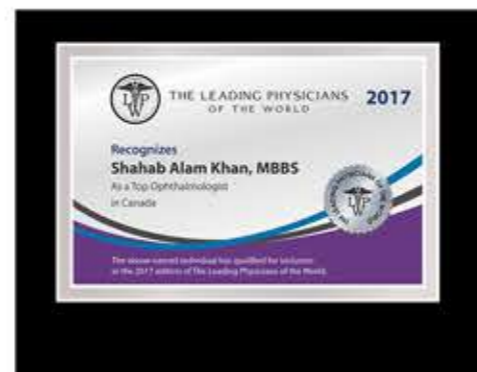

In 1991, Dr. Khan was awarded his bachelor of medicine, bachelor of surgery degree in Pakistan, his native country, at Al Tibri Medical College & Hospital in Karachi. He subsequently went on to the University of Sheffield and Oxford University in the United Kingdom to perform his residencies specializing in retinal disease and diabetes. Dr. Khan was a staff grade practitioner in the United Kingdom for nearly a year prior to relocating to Canada in 2011 and launching his ophthalmology practice in Prince Albert.
