

## Paul M. Puziss, MD

BOARD CERTIFIED IN  
ORTHOPEDIC SURGERY

 3800 SW Cedar Hills Blvd., Suite 250, Beaverton, OR 97005

Dr. Puziss is a board-certified orthopedic surgeon specializing in family, sports, and general orthopedics. He is currently serving patients at his private practice, Puziss Orthopedics in Beaverton, Oregon. He is also affiliated with several hospitals in the Portland area, including Legacy Good Samaritan, Providence St. Vincent, and Portland Adventist. Dr. Puziss specializes in non-surgical orthopedics.

Prior to his current endeavors, he served as an emergency room physician from 1973 to 1979 and as a consulting physician for the California Medical Group from 1977 to 1978.

After earning his Bachelor of Arts degree in chemistry with Phi Beta Kappa Award, from the University of Washington, Dr. Puziss went on to earn his medical degree from the University of Washington School of Medicine, with Alpha Omega Alpha Award, in Seattle, Washington in 1971. He completed his internship and residency in general surgery at Harbor-UCLA Medical Center, followed by his residency in the Irvine Orthopedic Residency Program with affiliated hospitals at the University of California.

In affiliation with several professional organizations, Dr. Puziss is a member of the Oregon Association of Orthopedic Surgeons, the Metropolitan Medical Society of Greater Portland, the Spine Intervention Society, the American College of Sports Medicine, the American Medical Association, the Oregon Medical Association, the American Association of Integrative Medicine, and the Western Orthopedic Association. He is also board-certified in orthopedic surgery by the American Board of Orthopedic Surgery.
